

Let's pray that everyone's tongue will confess that Jesus is Lord!

JiSP (Japan International Sports Partnership) is not an organization, it is simply a partnership of pastors, missionaries, and believers who desire and work for evangelism through sports.

We do not sponsor big events as JiSP. We desire to help Churches in the community in order that Sports Ministry will remain as a legacy of mission work after sports events.

The time of the Olympics and Paralympics is coming soon, and many short-term Christian workers and their teams are coming to Japan from all over the world. (50 teams, with more than five hundred people, are scheduled to come as of January 2020)

We are sure that you and your church or organization are busy as you plan to have various Olympics-specific events this year. We would love to pray together in unity in the name of Jesus in order that God's will be done in Japan. Please consider whether your Church or organization, or you personally, can do the following two things below:

Chairman of Japan International Sports Partnership
Pastor of Kokubunji Baptist Church

Hiroaki Yanai

1 Please register on our mailing list, and pray with us according to our prayer requests which are sent monthly.

We will send our prayer requests on the 24th of every month. (The opening ceremony will be July 24th.) We will also send out information about general events of the Olympics and Paralympics in addition to our prayer requests.

How can you register?

- Read this QR code on the right with your smart phone, and the registration page will open.

Pray together

- Type this URL

And for Churches, organizations and individuals who are planning to hold Olympics-specific events, you can also do the following:
Please share your prayer requests with us.

God bless your Olympics ministry! Please let us know your own prayer requests, too. We'd love to pray with you, and we will forward your prayer requests to pastors in JiSP. And if there are some special prayer items, we'd like to share with all the other people registered by email.
